Žáci věty nejprve zapíší do správných sloupečků, ať už jednotlivě či ve dvojicích ( záleží na schopnostech žáků ) a následovně společně věty přeloží .  
Popřípadě se mohou žáci pokusit věty adekvátním způsobem změnit z prostého do průběhového času a naopak.  
Aktivita trvá přibližně 20 minut.

Slovní zásoba a gramatika vychází z učiva učebnice Project 3 ,3rd. edition, introduction unit.
